2016 ANNUAL SECURITY REPORT & SAFETY GUIDE

The University of Northwestern Ohio is Committed to Your Safety

UNOH is committed to providing a safe and secure environment for everyone on campus: students, faculty, staff and visitors. The Department of Safety Services is on duty around the clock to provide 24 hours of continuous service to all areas of the campus. We have 10 full time officers and 2 part time officers.

If there is ever an emergency, assistance can be summoned from the emergency call boxes, easily identified by their distinctive blue lights throughout campus. The University is not isolated from the rest of society and the potential for crime does exist. Everyone should play an active role in their own personal safety as well as that of the university community. This will help make the university a safer place to live and learn.

This report meets all compliance standards as established by the federal Student Right-To-Know and Campus Security Act, which is known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act).

Authority and Jurisdiction:

Personnel in the Safety Services Department function as professional security officers. All crimes that may occur on campus must be reported to the proper authorities. Crimes that involve University employees, guests, or students must be reported to the Safety Services Department. Safety Services Officers work closely together to address criminal actions or emergency situations that occur on campus. Reports are filed, and proper measures are taken through campus channels or through outside law enforcement agencies if appropriate. The officers working with the department are primarily selected based on prior experience and training in law enforcement, private security, military, or emergency medical service.

Safety Services maintains a cooperative working relationship with the Lima Police Department and the Allen County Sheriff's Office. Crime related information and reports are routinely exchanged on a formal and informal basis with these offices.

The Department of Safety Services is the primary security/safety agency on campus. The officers are not sworn police officers and are not empowered to make arrests or carry firearms. They are proprietary security officers who work directly for the University of Northwestern Ohio.

The department's physical location is: Administration Building
Housing/Safety Services
1000 Building
2800 Racers Way
Lima, Ohio 45805

A telephone is the fastest way to get help on the University campus. Safety Services can be reached by calling extension 3167 from any phone on campus. From off campus dial (419) 998-3167.

Access to Facilities

UNOH and its real property is private property. Entrance and access to campus facilities are restricted to students, legitimate visitors, and employees of the university. All others will be asked to leave campus. Safety Services are responsible for enforcing all the on-campus regulations including, but not limited to, the campus visitation policies.

Security and Maintenance of Campus Facilities

The university's plant department maintains a regular inspection of campus lighting. Personnel perform routine checks for safety hazards and insure the proper functioning of the emergency phones. Problems discovered are reported to the proper departments and are monitored for repairs.

Racer Alerts Emergency Notification

Racer Alerts is a program to notify University employees, students, and visitors of an on-going emergency affecting the University. An emergency is a condition at the University that has an immediate effect on the safety or security of students, employees, or visitors on

campus. An emergency will have a direct impact on the normal operations of the University. This emergency may be on University property or may be occurring off campus.

Reasons for Racer Alerts activation may include:

- Ongoing act or threat of violence with a weapon or explosive device
- Extreme Weather Emergency (Tornado Warning)
- Chemical/Hazardous Material Spill or Incident
- Building Fire(s)
- Inclement Weather

Methods for communicating emergency and safety information to students and employees may include one or a combination of the following methods:

- Local Audible Sirens
- UNOH E-Mails
- UNOH Website
- Racer Alerts Text Messaging
- Emergency Public Address System

Testing of all notification systems will be done periodically throughout the year. Unannounced tests may also be planned to test the effectiveness of the systems and the University's response.

Racer Alerts Employee/Students Sign-Up

The University of Northwestern Ohio's has a free emergency notification service. In the event of an emergency or severe weather condition, an alert will be sent to the phone number and/or email address provided.

To sign up, simply complete the following:

1. Log into the UNOH portal (<http://my.unoh.edu>).
2. Click on the **Quick Links** tab and then *Racer Alerts!* under **Online Services**.
3. Fill in the registration page and submit it.
4. You're done!

Any member of the Safety Services can initiate the emergency notification system. Immediate threats may be reported to the Safety Services Office. An evaluation will be made by the receiving officer of the nature of the threat and exigency of the threat to determine whether activation of alert is required.

Campus Evacuation Policy and Procedures

The Emergency Response Team, upon receiving instructions from the President, or in his absence his designee, Vice President of Academic Affairs, will announce evacuation of all or part of the campus. All persons (students and staff) are to immediately vacate the site in question and relocate to another part of campus or leave campus as directed.

UNOH shall participate in emergency tests or evacuation drills at least once per year to assess and evaluate emergency procedures and capabilities. The Safety Coordinator will document each test, including the date, time, and whether it was announced or unannounced.

Reporting a Campus Incident

In the event of an emergency, you should contact the Safety Services Department. All Safety Services Officers are trained in C.P.R and First Aid. If the situation needs local law enforcement or more medically trained personnel, they will contact the appropriate agencies. In response to the Timely Warning Notice in accordance with 668-46E of the Clery Act, the Safety Services Department will issue a timely warning for some crimes that could put the campus community at risk. Crimes of such a nature that may be a continued threat to the university student, employee, or guest will be reported by the Safety Services Department as soon after the occurrence as reasonable information can be assembled. These crimes are murder, rape, robbery, aggravated assault, simple assaults, burglary, larceny, auto theft, arson, and vandalism. It is intended that reports of these crimes will aid in the prevention of similar occurrences.

Do not duplicate your office/room key.
Keep a log of all valuables and serial numbers.

Missing Student Policy

The purpose of this policy is to establish procedures for the university's response to reports of missing students, as required by the Higher Education Opportunity Act of 2008. This policy applies to students who reside in campus housing. For purposes of this policy, a student may be considered to be a *"Missing Student"* if the student's absence is contrary to his/her unusual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing persons may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the student's welfare.

1. Procedures for designation of confidential emergency contact information:

Students will be given the opportunity during each quarter/session to designate an individual (s) to be contacted by the university no more than 24 hours after the time that the student is determined to be missing in accordance with the procedures set forth below. A designation will remain in effect until changed or revoked by the student.

In the event a student who is under the age of 18 and is not emancipated is determined to be missing pursuant to the procedures set forth below, the university will attempt to notify a custodial parent/guardian, in addition to the student's designated contact, no more than 24 hours after the student is determined to be missing in accordance with the procedures set forth below.

2. Official notification procedures for missing students:

- a. Any individual on campus who has information that a residential student may be a missing student must notify the Safety Services Office as soon as possible and in no event, later than 24 hours after determining that the student is missing.
- b. The Safety Services Office will gather all essential information about the residential student from the reporting person and from the student's acquaintances (description, clothes last worn, where student might be, who student might be with, and vehicle description, information about physical and mental well being of the student, an up-to-date photograph, class schedule, etc.).

If the above actions are unsuccessful in locating the student or it is immediately apparent that the student is a missing person (witnessed abduction), no later than 24 hours after the Safety Services Office determines that the residential student is missing:

- i. The Safety Services Office will contact the appropriate local law enforcement agency to report the student as a missing person and the local law enforcement agency will take charge of the investigation; and
- ii. The Housing/Safety Services Office will notify the emergency contact (for students 18 and over) or the emergency contact and the parent /guardian (for the student under the age of 18) that the student is believed to be missing.

3. Campus communication about missing students:

In cases involving missing students, law enforcement personnel are best situated to provide information to the media that is designed to elicit public assistance in the search for a missing student. Therefore, all communications regarding missing students will be handled by outside law enforcement authorities, who may consult with the President or Vice President of Academic Affairs. All inquiries to the university regarding missing students, or information provided to any individual at the university about the missing student, shall be referred to the Safety Services Office, who shall refer such inquiries and information to law enforcement authorities.

Prior to providing the Lima community with any information about a missing student, the President shall consult with the Safety Services Office and with local law enforcement authorities to ensure that communications do not hinder the investigations.

SEXUAL MISCONDUCT POLICY STATEMENT

It is the policy of The University of Northwestern Ohio that all sexual misconduct, in any form, will not be tolerated or condoned. This policy applies equally to faculty, administrators, and students and is in keeping with the spirit and intent of the Jeanne-Clery Act.

Assistance can be provided to notify the appropriate law enforcement agency if the victims so desires. The Safety Services Department works closely with the Lima Police Department and the Allen County Sheriff's Office on such cases. The Safety Services Department and the Counseling Office will work closely with the victim and law enforcement to bring any such matter to a resolution.

Policy Guidelines

1. Definition

Sexual misconduct includes sexual offenses that are both physical and non-physical.

Physical sexual offense means touching another person in a sexual manner when the other person does not consent to the touching because:

- a. It is unwelcome;
- b. That person lacks the ability to consent because they are under the age of consent (under the age of 18 years old), they are intoxicated (under the influence of alcohol or drugs), they are asleep, or they otherwise are unable to express their consent.

An attempted physical sexual offense, even though it is unsuccessful, is still a violation of this policy just as if the act had been completed.

Non-physical sexual offense means any act which takes advantage of another person for the purpose of sexual gratification, or which sexually exploits another person. A non-physical sexual offense includes verbal harassment of a sexual nature such as unwelcome requests for sexual favors or unwelcome advances of a sexual nature.

2. Regulation

A. It is a violation of University policy for any member of the faculty, administrative staff, or student body to engage in sexual misconduct, as defined in Section 1.

B. It is a violation of University policy to retaliate against anyone for filing or bringing forth a good faith complaint of sexual harassment.

For more information on what qualifies as sexual misconduct and how to report any violations of this Policy, see pages xx-xx of the Student Handbook.

IMPORTANCE OF PRESERVING EVIDENCE

- **Do not bathe**
- **Do not change clothes/undergarments**
- **Save any and all physical evidence- anything the suspect leaves behind**

The Housing Department will change a victim's on-campus living situation after an alleged sexual assault if changes are requested by the victim.

In cases of an alleged sexual offense, campus disciplinary procedures state that the accuser and the accused are entitled to the same opportunities to have others present during disciplinary proceedings.

Both the accuser and accused shall be informed of the outcome of any institutional disciplinary proceedings brought alleging a sex offense. This is to include the institution's final determination and any sanction against the accused.

Racial Violence

The University of Northwestern Ohio has a no-tolerance policy on racial violence. The Disciplinary Review Board will address violators.

If the accused is found to be guilty, the accused will be permanently and immediately expelled from the University of Northwestern Ohio.
