SPORT MARKETING AND MANAGEMENT

The Sport Marketing and Management program is designed to prepare students to work in the sports industry. This program emphasizes the management, business, and leadership skills necessary to launch or enhance the sports business career. Reflected in the curriculum are the present issues in today’s global sports industry and how integrating what is learned in the classroom can be immediately applicable to the workplace.

This program seeks to maximize student contact with industry professionals and enhance understanding of the business of sport through academic preparation.
