UNOH Plans Virtual Open House **for April 17, 18, & 19**

Due to the postponement of the April 3 and April 17-18 on-campus Open House events, the University of Northwestern Ohio is helping current high school juniors and seniors think about their future college aspirations through a Virtual Open House. The Virtual Open House is an excellent opportunity for prospective students and their families to take a virtual tour of campus and become acquainted with the University and the opportunities it offers from the comfort of their own home.

The Virtual Open House experience can be found at www.unoh.edu/VirtualOpenHouse and will go live for three days, April 17, 18, and 19, 2020. Current high school juniors, seniors, and recent graduates can log on and register for the event. Reminders can be set to add the event to the student's calendar or text the appropriate mobile number when the page goes live.

The Virtual Open House will feature video tours of all campus buildings in addition to specific major spotlights. Visitors will also have chance to hear from an admissions representative and financial aid counselor about the process of applying for college and finding the money to pay for tuition expenses. Success stories from both current and recent graduates will also be featured alongside all of the services that UNOH offers such as student activities, athletics, clubs, and more.

At the end of the Virtual Open House students will be given the opportunity to apply to UNOH for free as application fees will be waived through April 19, 2020.
