Exchange Email Setup - iPhone - iOS 5

1. Tap the "Settings" icon.
2. Inside the settings menu, select "Mail, Contacts, Calendars".
3. Select "Add Account...".
4. When presented with the different account options select "Microsoft Exchange".
5. At this screen you will need to enter the following information:

   **Email:** Your full email address.
   **Server:** outlook.com
   **Domain:** unoh.edu
   **Username:** Your full email address
   **Password:** Your password

Select "Next" once this information has been completely entered.
6. Once the server verifies you have entered the correct credentials you will then select which portions of the account to sync with your iPhone - tap on "Save" when you are finished.
